

## Pathfinders

### Process and Criteria

The OSCP A Path Finders are an elite group of Oklahoma CPAs who are successful and well-respected for business prowess, community involvement and mentoring new CPAs, welcoming them to the profession and showing them ways to be successful.

Honorees will be selected based on professional dedication, community involvement and commitment to inspiring the future of the CPA profession in Oklahoma.

In addition to being included in a special issue of *CPAFOCUS*, honorees are special guests at the Annual Members Meeting and are recognized at that event.
